

CENTRAL BOARD
Oct. 10, 1944

Meeting was called to order by the president and the minutes of the May 16 and 23 and the minutes of the Oct. 3 meetings were read and corrected.

The coming election was discussed and whether new officers should be elected temporarily or permanently to fill the vacancies. Briggs moved that Article 7, Section 10 of the constitution be amended to read as follows:
Central Board shall call a special election as provided for in the by-laws upon the failure of a regularly elected official to return to school in the fall or upon such a official dropping out for part of the year. The vacancies thus created will be termed interim vacancies; candidates elected to fill interim vacancies will hold office only while the originally elected officer is not an active member of A.S.M.S.U.
Dillavou seconded and the motion carried.

Burdick asked the board's opinion on the idea of having a party Saturday, Oct. 21 at the picnic ground at Patti Canyon. Various types of entertainment following a western theme were suggested. An appropriation from Central Board will be needed to cover expenses. Further discussion on the matter was deferred until the next meeting.

The Budget and Finance Committee held a meeting but no appropriation was made for a Sentinel. Bakke and Castle suggested that an editor and business manager be chosen and permission be granted for them to go ahead with plans for the book. Johnson suggested the editor be chosen from the senior class and associated editor from the junior class. The by-laws concerning the Publications Committee state:
"Persons who have served in the capacity of assistant editor will be shown preference in the selection of editor but nothing contained herein shall be so construed as to limit the selection of editor to the three persons serving in that capacity."
It was decided that this by-law already provides for Johnson's recommendation.

Dillavou moved a Sentinel be published this year; Publications Board is to make the recommendations for editor and associate editor to Central Board and the Budget and Finance Committee is to appropriate the necessary funds to carry out the work. Bakke seconded and the motion carried.

Bakke moved Central Board permit Masquers to purchase the necessary tools immediately, the appropriation being made when they hand in their statement of the cost of the tools purchased. Dillavou seconded and the motion carried.
